Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. If only we could, we surely would! On the other hand, using file can actually save you money. Our service is completely free for everyone. It is also allowed to link to the download page from websites and communities. Simply upload your file and share the link. Files transferred the old-fashioned way tendto pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions on the number of times a file can be downloaded. File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. You don't need any special software installed to be able to download your files. Just upload the file you want to share with your friends and we send you a download link to your file. Unfortunately, we can'tmake that part free. So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send large files to your friends. Youdecide who you want to share your files with. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You can give this downloadlink to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Wehave no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. Why pay storage fees for a file that youjust wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Any file in any format can be uploaded and downloaded for free. Files can be downloaded from any computer from our high speed servers. Using file, you can circumventthose limits without paying to upgrade your team chat service.
