[Updated : Thursday 10 June 2021](#)

Maybe even better than free.

Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. There are no restrictions on the number of times a file can be downloaded. No account or credit card is requiredto get started. You decide who you want to share your files with. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. You don't need any special software installed to be able todownload your files. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploaded and downloaded for free.Alternatively you can choose to share your download links on blogs, forums and social networking sites. File is free to use with no gotchas and no hidden fees.Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. Unfortunately, wecan't make that part free. Just upload the file you want to share with your friends and we send you a download link to your file. We have no file size limit. It isalso allowed to link to the download page from websites and communities. filehosting provides an easy possibility for you to send large files to your friends.Our service is completely free for everyone. So try our free and simple filehosting service now. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using file can actually save youmoney. Files can be downloaded from any computer from our high speed servers.
