Maybe even better than free.

You can give this download link to your friends by mail or instant messenger. Our service is completely free for everyone. Simply upload your file and sharethe link. Files can be downloaded from any computer from our high speed servers. filehosting provides an easy possibility for you to send large files to yourfriends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. There are no restrictions on the number of times a file can be downloaded. It is also allowedto link to the download page from websites and communities. No account or credit card is required to get started. Unfortunately, we can't make that part free.You don't need any special software installed to be able to download your files. If only we could, we surely would! On the other hand, using file can actuallysave you money. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. Just upload the file you want to share with your friends and we send you a download link to your file. Files transferred the old-fashionedway tend to pile up and be forgotten about, eventually costing you money in data storage fees. File is free to use with no gotchas and no hidden fees.Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can upload any type of file (movies, music,documents, images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transferis covered by your internet service or the data plan on your phone. You decide who you want to share your files with. We have no file size limit. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. Keep your files private, or send your download links only to friends or family. Using file, you can circumvent those limits without paying toupgrade your team chat service. So try our free and simple filehosting service now.
