Maybe even better than free.

We have no file size limit. There are no restrictions on the number of times a file can be downloaded. If only we could, we surely would! On the other hand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You decide who you want to share your files with. Unfortunately, we can't make that partfree. You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want to share with your friends and wesend you a download link to your file. Files can be downloaded from any computer from our high speed servers. File is free to use with no gotchas and nohidden fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Our service is completely free for everyone. You don't need any special software installed to be able to download links only to friends or family. No account or credit card is required to get started. Using file, you cancircumvent those limits without paying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing thefile you're sending in your cloud storage or mail server. Alternatively you can choose to share your download links on blogs, forums and social networkingsites. So try our free and simple filehosting service or the data plan on your phone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. filehosting provides an

easy possibility for you to send large files to your friends.
